Testimonials:

"We recently moved from a three bedroom house to a 2 bedroom apartment while building our new home. It was by far the easiest move we EVER made. Labels were easy to use and were a great help in getting boxes to rooms without everyone asking me where items went. Loved the way the colors work. Made putting things in storage a breeze. I can find anything. Thanks for a great product and thanks for making our move an easier task." M/M J. Howard

"This product will knock your socks off. Best thing I've seen in ages. Very helpful and easy to use. Wished I thought of this." W. Robinson, Real Estate Agent

"Loved how simple the labels were to use. Using color labels and matching room posters was brilliant. Our friends helped us move into our new home. Everyone commented on how easy it was to get their boxes to the right rooms. (It also helped me when searching for items.) We heartily recommend these labels to anyone who may be moving or storing household items. You'll love how easy it works." Amber & Chris.

"...Movers placed our boxes in the garage because we wanted to unpack in a certain order and not have all our boxes in rooms at the same time. Around midnight we needed some bedding for the master bedroom. They were so easy to find. We simply went to the blue labels, located the linen and bedding box and retrieved our sheets. No searching was necessary. This is a great product and should I move again, I will certainly use this product." S. Weatherly
